Practices: Agile, Debugging, Code Versioning, Cross-Browser Testing | **English:** B2 — Professional Working Proficiency

WORK EXPERIENCE

Frontend Developer Intern — DumoTech

Jul 2025 – Jan 2026

- Assisted in developing and maintaining frontend interfaces for client projects using React, TypeScript, JavaScript, and Next.js.
- Built reusable UI components from product and design requirements with emphasis on maintainability.
- Collaborated with developers to implement responsive, cross-browser user interfaces.
- Used Git and GitHub for version control, code collaboration, and project management.
- Debugged UI issues and improved frontend functionality within existing codebases.

Stack: React.js, TypeScript, JavaScript, Next.js, HTML5, CSS3, Git, GitHub

Frontend Developer Intern — TEFEM Network

May 2023 – Oct 2023

- Developed a responsive organizational landing page under mentor and project-partner guidance.
- Translated design and project requirements into functional interfaces using HTML, CSS, and JavaScript.
- Implemented responsive layouts optimized for different devices and screen sizes.
- Collaborated with the project team and incorporated feedback throughout development.
- Used Git and GitHub for source control and project version management.

Stack: HTML5, CSS3, JavaScript, Git, GitHub

SELECTED PROJECTS

[FaithScore — Music Notation Web App](#) | React, TypeScript, Tailwind CSS, VexFlow

Music notation editor supporting staff and tonic-solfa workflows, including rhythmic grouping, beaming, rests, slurs, ties, key signatures, modulation, playback, and Staff ↔ Sol-fa conversion.

[FaithLibrary — Choir Script Platform](#) | Next.js, TypeScript, Tailwind CSS, Supabase

Digital library for uploading, organizing, searching, viewing, downloading, and sharing choir scripts and musical arrangements.

[FaithBeat — AI-Powered Hymn Composer](#) | React, JavaScript, Tailwind CSS

Interactive music application combining hymn composition workflows with a responsive, user-focused frontend.

[Fina Inc — E-commerce Dashboard](#) | React, JavaScript, Tailwind CSS, Recharts

Responsive ecommerce dashboard featuring reusable UI, structured management views, interactive data visualization, and responsive layouts.

[FurniDan — Furniture Catalog Web App](#) | React, JavaScript, Tailwind CSS

Multi-page furniture catalog with reusable components, product filtering, search functionality, and interactive modals.

[St. William Parish — Website](#) | HTML, CSS, JavaScript

Responsive parish website presenting church information, activities, services, announcements, and contact details through an accessible interface.

EDUCATION

B.Sc. Microbiology — Nnamdi Azikiwe University, Anambra | 2020 – 2024
